What's with the title? Yes, it's still called *Lemon Curry* (only this one is issue 122), and it's still published by Don Del Grande, 142 Eliseo Drive, Greenbrae, CA 94904-1339, USA, phone (1)(415)461-2692, but only 6 PM - 11 PM Pacific time (midnight on Friday and Saturday nights), but in the weeks since issue 121 was published, I replaced my Atari 1040ST with a no-name PC-compatible 486/33 (for those of you who know about these things, it comes complete with Sierra ProDesigner II video card, SoundBlaster Pro sound card, 8 MB RAM, and 200 MB hard drive - total cost of about \$3000)

**MONTY'S NEWS AND COMMENT** is brought to you by **CANTERBURY**, official bathrobe suppliers to the New Zealand America's Cup Challenge

What, you thought only this country had the rights to over-sponsoring sporting events?

**ISSUE 121 ERRATA:** I forgot the west is now DIPCON region 3 instead of 4 - the west IS eligible for DIPCON in 1996. (I am still submitting my charter amendment proposal.)

The crime was committed - the witnesses testified - the execution is ordered and carried out. No, I'm not talking about Robert Alton Harris, who became the first person executed in California in 25 years (and who may very well become the last person executed in the gas chamber at the state prison in San Quentin, located about a mile from where this is being typed); that was more a case of "the crime was committed, the conviction and sentence are automatically appealed, the sentence is upheld, the execution is ordered, the defense tied up the case with every appeal imaginable.

for 12 years, and the execution is carried out". I'm referring to your typical California inner city (although this probably applies to other states as well): the witnesses testified against a drug dealer, and the dealer (or his "superiors") order and carry out the execution against the witnesses - or, more likely, the witnesses' families. There is no doubt that *this* death penalty is an effective deterrent; fewer and fewer people are willing to testify.

Irony of the times: back in 1978, Dan White, who assassinated San Francisco's Mayor and one of the city supervisors, was convicted of manslaughter (and acquitted of murder) and sentenced to about five years in prison. The sentence resulted in a major riot that included twelve police cars being turned over and burned. Eventually, White was released - and later committed suicide (by asphyxiation, no less). Had he been found guilty of murder and sentenced to death, chances are he'd still be alive...

Irony #2: a few years ago, California tried to change its method of execution from cyanide gas to lethal injection, but the ACLU lobbied against it - almost certainly because it's a lot easier to delay an execution on the grounds that gas is cruel and unusual punishment, which is exactly what the ACLU tried to do. On top of that, they got a judge to order that the execution be videotaped as evidence in a lawsuit that is attempting to have the gas chamber declared an illegal form of execution. (Nothing new about this; the gas chamber replaced hanging in the 1930s.)

**ZINE REGISTER** - what makes ZR different from normal lists of game openings? Only ZR includes capsule descriptions of the 'zines by the publishers themselves (as well as other interested parties, for the alternative viewpoints). If you're looking for additional 'zines to subscribe to, but don't want (choose one: a warehouse, a letter depository, a 'zine that runs just Dip), then it's worth the \$2.50 for an issue.

**'ZINES BY THE POUND!** Garrett Schenck (the same one mentioned in the above paragraph) has more back issues of 'zines than his basement apartment can hold, so he will send you a manila envelope jammed full of 'zines (at least 20) for \$3 - or \$2.50 if you order the current Zine Register as well.

For those of you reading this in *Lemon Curry*, this game started in *Victims Wanted* and was taken over after Fall 1905. Winter 1905 was played outside of the 'zine (in fact, some of the players are receiving this on a separate flyer rather than subscribing).

Note that this game does not have a BN as two of the players are brothers.

**1830 "42nd STREET", STOCK ROUND 4A - Don't let those trains go anywhere yet**

There was an objection to the fact that I let the stock round continue after B&M's presidency changed hands.

**Derwood Bowen** (122) sold 20% B&O for 82 and 10% PRR for 68, and bought 10% B&M from pool for 40
